The Department of the Navy is requesting Preliminary and Final review for the construction of temporary medical facilities at the Naval Support Activity Bethesda, Bethesda, MD. Please refer to the enclosed project narrative for further details.

NAVFAC Washington is seeking Preliminary and Final review at your September 12, 2013 meeting. This project is part of an ongoing Environmental Impact Statement (EIS) at NSA Bethesda, which will conclude in August 2013. The Maryland Historical Trust concurred with a No Adverse Effect determination.
